

## CPMB "SUPPLIES of EXCELLENCE" LIST

***You must have your supplies and instrument maintenance by the July 3rd practice.***

### **INSTRUMENT MAINTENANCE**

1. Brass instruments must be cleaned inside and out over the summer months. I HIGHLY recommend that you have your instrument chemically cleaned at a music store (Gordon's Repair Shop or Motter's Music).
2. All instruments must be in good working condition to participate fully in band. For brass, all slides and valves must be in good working order. For woodwinds, all pads are in good condition and cover properly and keys adjusted properly.
3. All instruments will be checked during the first couple days of band camp. Any student who does not have his/her instrument in good working condition will not be able to participate compliant.
